APPLICATION FORM FOR ADMISSION TO THE

UNDERGRADUATE PROGRAMME

ACADEMIC YEAR 2023/24

1

Background

Is a private higher institution of learning registered and recognized in the Republic of South Sudan located at Munuki Block C off Mia Saba Road in Juba

It first started in 2014 as Juba Institute of Health Sciences which had been training mid level health cadres namely, Clinical officers, Registered Nurses, Registered Mid-wives, Pharmacy Technicians and Laboratory Technicians amongst others, it has graduated over 1500 students and with current enrollment of over 1800 students.

Therefore, the board of Directors decided in January 2020 to upgrade the institute into a University to cater for upgrading graduates and at the same time to introduce new science based bachelors Degree Courses to help foster development and prosperity for the young nation & Beyond .

Motto: Education for transforming societies for a better world

Vision: To be the center of excellence for producing the world innovators, inventors, leaders and scientists.

Mission: Creating a successful and competent human resources through innovation and creativity.

The specific objectives of the University are to;

● Provide quality teaching and learning that is relevant and competitive globally.

● Offer courses that address the needs of the local, national and international community.

● Promote research for social- economic and political development of the country

● Increase the number of scientists in the Republic of South Sudan and beyond

● To develop human resources appropriate for a decentralized system of governance for

  fostering prosperity and development

Core Values:

Excellence

Creativity

Innovation

Transformation

Professionalism

Teamwork

Leadership
